ABOUT

Welcome to Centred – Sydney’s newest luxury hosted Ideaspaces to activate new thinking.

Curated for changemakers, Centred boasts a breadth of architecturally designed focus spaces with state- of-the-art tech for seamless global connectivity.

More than Meeting Rooms for hire, Centred is a sophisticated and elevated experience. Professionally hosted, it’s the place that enhances your image while you centre your teams, stimulate ideas, distil thoughts, and achieve great things.

Centred is located at 323 Castlereagh Street, part of the new Central Precinct and only footsteps from Tech Central – Sydney’s new ‘Silicon Valley’ where new ideas bloom and top talent abounds.

◻ **We look forward to welcoming and supporting you.**

Reception

FIRST IMPRESSIONS COUNT

Entry to Centred is via 323 Castlereagh Street's main entrance. The building's concierge team will guide guests to Centred's elegant Reception Room, where your professional host awaits. Professionally trained, they are experts in discreet five-star service, ensuring your pre-prepared experience is as personalised as it is professional. Our Centred Manager will collaborate with you to create the perfect bespoke event, including the run order, guest greetings, room configurations, and the level of privacy you require.

MEET, BREATHE, OR ENTERTAIN

The luxurious designer-styled Lounge is one of Centred’s most versatile spaces.

Looking for an event space to hold your media briefing, product launch, or even a wellness class? The Lounge transforms into a stunning stand-up or seated event space for up to 100 guests.

The Conference Room

PRESENT IN STYLE

The architecturally styled Boardroom is Centred’s largest room, seating up to 20 guests. Designed to suit multiple configurations, our Centred Manager will layout the space to suit your event needs.

The Boardroom enjoys the added benefits of a connected store room and views across the outdoor terrace with operable privacy blinds and acoustic baffling for complete privacy.

For a heightened and efficient experience, personal or corporate devices pair seamlessly with state-of-the-art video conferencing and content presentation technology.
